The person ID and the service authorization ID must be submitted with the request for an override.

Foster Parent Responsibilities

Costs incurred for tolls or toll bridges are reimbursable. A receipt must be submitted by the foster parent after the travel has occurred.

Reason: Clarification from Child Welfare Policy and Legislation office.

Assisted Care

Assisted care services are available in situations where a foster parent or relative caregiver requires an additional individual to provide supervision and engage in activities of daily living for a

child. While the foster parent must be present, the assisted care does not need to be provided in the foster home. Assisted care is based on the care the child requires.

Reason: Clarification from FCD.

Youth in Detention Medical Expense

Payments will be made from the electronic case management system for all fund sources. Title IV-E funds cannot be used to pay for any medical or dental expenses not covered by Medicaid. The fund source for these payments will be determined in electronic case management system based on the youth's legal status.

The fiscal county is responsible for costs of care under MCL 712A.25 and the child care fund pursuant to MCL 400.117c(2). For a youth who is a state ward under MCL 400.207(1) and MCL 803.305(1), costs are included in the county's monthly chargeback report.
